The personalized link means that you are not limited to using one computer or network for the report. Once the "next" button is selected, information provided on that page is automatically saved. If you close the page without selecting "next", your information on that page will NOT save. As long as the final submit button is not selected (it is on a page all by itself at the end) and only one person is in your link to the tool at a time, you and others to whom you provide the link, can access your information using the link as frequently and from as many different computers as necessary.

Unless otherwise noted, your responses to the questions posed within should address component activities that have occurred since the submission of your input for last year's Chief FOIA Officer Report. DOJ's intent is for the report to cover March 2021 - March 2022; therefore, you should include actions you intend to implement by March 2022.

Section V: Steps Taken to Improve Timeliness in Responding to Requests and Reduce Backlogs

The Department of Justice has emphasized the importance of improving timeliness in responding to requests. This section addresses both time limits and backlog reduction. Backlog reduction is measured both in terms of numbers of backlogged requests or appeals and by looking at whether components closed their ten oldest requests, appeals, and consultations. For the figures required in this Section, please refer to your component's 2021 Annual FOIA Report and, when applicable, your component's 2020 Annual FOIA Report.

29. If your component's backlog of initial FOIA requests did not decrease, please explain why and describe

the causes that contributed to your inability to reduce the request backlog. Also, please indicate if any of the following were contributing factors:

| X | We do not have a FOIA Request backlog, or the backlog decreased | The FOIA Request backlog did not decrease because the number of incoming requests increased | The FOIA Request backlog did not decrease because of a reduction of staff; to include a loss of contractors | The FOIA Request backlog did not decrease because of the impact of COVID-19 and workplace and safety precautions | The FOIA Request backlog did not decrease because the complexity of requests increased | Include any other reasons that may apply |

Spotlight on Success

* 42. Since submission of your last Chief FOIA Officer Report, out of all the activities undertaken by your component to increase transparency and improve FOIA administration, describe success stories you would like to highlight as emblematic of your component's efforts.

The Board has engaged requesters to discuss any questions or concerns they may have early in the FOIA process to help narrow their request and help avoid issues.

* 43. Please provide information so we can compute the cost for compiling this Chief FOIA Officer
Report. Insert the equivalent grade and number of hours spent by your component on preparing this response. For instance: GS 9, Step 2 / 2.5 Hours; GS 15 Step 5 / 0.5 Hours. We will use a separate mandated tool that calculates total costs tied to personnel grade levels in aggregating the responses for the
final DoD Report.
GS 15, step 8: 0.5 hrs. GS 14, step 3: 0.75 hrs.
GS 11, step 2: 2 hrs.
